

STATE OF MAINE
PUBLIC UTILITIES COMMISSION

Docket No. 2000-763

October 11, 2000

VERIZON NEW ENGLAND, INC.
D/B/A VERIZON MAINE
Request for Approval of Interconnection
Agreement Amendment No. 1 with
Sprint Communications Company, L.P.

ORDER APPROVING FIRST
AMENDMENT TO
INTERCONNECTION
AGREEMENT WITH
SPRINT COMMUNICATIONS
COMPANY, L.P.

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

In this Order, we approve an amendment to an Interconnection Agreement between New England Telephone and Telegraph Company d/b/a Bell Atlantic - Maine (Bell Atlantic) and Sprint Communications Company, L.P. (Sprint), pursuant to section 252 of the Telecommunications Act of 1996.

On March 9, 1999, in Docket No. 99-095, the Commission approved an interconnection agreement between Bell Atlantic and Sprint. That agreement incorporated terms and conditions of a separate agreement between Bell Atlantic and COMAV Telco, Inc. approved by the Commission on July 2, 1998 in Docket No. 98-446. On August 1, 2000, Bell Atlantic changed its name to Verizon New England Inc. d/b/a Verizon Maine.

On September 11, 2000, Verizon Maine filed a First Amendment to its agreement with Sprint pursuant to 47 U.S.C. § 252, enacted by the Telecommunications Act of 1996. Interconnection agreements provide for interconnection between an incumbent local exchange carrier (ILEC) and another telecommunications carrier, including a competitive local exchange carrier (CLEC). An interconnection agreement may allow a telecommunications carrier to purchase unbundled network elements, or local services at a discounted wholesale rate (the discount reflecting avoided cost), or both, from an ILEC (or CLEC). The amendment provides for Sprint's offering of a one-way trunking service that will not be capable of allowing customers of that service to originate any calls, including 911 or E-911 calls.

Section 252(e)(2) states that a state commission may reject a negotiated agreement only if it finds that "the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement" or if "the implementation of such agreement or portion is not consistent with the public interest, convenience and necessity." We received no comments by the comment deadline set in a September 22, 2000 Notice of Agreement and Opportunity to Comment. We do not make either of the findings set for in section 252(e)(2) for rejection, and we therefore approve the agreement amendment.

We qualify our approval in two respects, however, and reserve findings on future potential issues. First, we reserve judgment on whether the rates contained in the amended agreement are reasonable from the perspective of Verizon Maine's retail ratepayers. Verizon Maine is presently under an alternative form of regulation (AFOR) ordered by the Commission in Docket No. 94-123. The AFOR began in December, 1995. Under the AFOR, Verizon Maine bears the risk of lost revenues resulting from rates that are too low. In Docket No. 99-851, we have proposed to continue the AFOR beyond five years in modified form. We do not resolve whether Verizon Maine is receiving reasonable compensation from any CLECs that may avail themselves of the rates provided to Sprint pursuant to 47 U.S.C. § 252(i).

Second, section 271(c) of the Act, 47 U.S.C. § 271(c), requires that the Bell Operating Companies (BOCs) meet certain requirements before they are allowed to provide interLATA service (the so-called "competitive checklist"). Under section 271(d)(3), the Federal Communications Commission (FCC) must determine whether the BOC has met the competitive checklist before granting the BOC authority to provide interLATA service within its region. Prior to making that determination, the FCC must consult with state commissions to verify the compliance of the BOC with the checklist. Our approval of this agreement amendment should not be construed as a finding that Verizon Maine has met those requirements.

The agreement amendment filed by Verizon Maine provides for interconnection between Sprint and Verizon Maine's network in Maine. If Sprint seeks to interconnect with networks maintained by independent local exchange carriers in Maine, it must seek a termination, suspension, or modification of the exemption contained in 47 U.S.C. 251(f)(1)(A).

ORDERING PARAGRAPHS

Accordingly, we

1. Approve the First Amendment filed by Verizon New England Inc. d/b/a Verizon Maine to the Interconnection Agreement between New England Telephone and Telegraph Company d/b/a Bell Atlantic - Maine and Sprint Communications Company, L.P. attached hereto, pursuant to 47 U.S.C. § 252(e); and

2. Order that the Administrative Director shall make a copy of the attached Amendment available for public inspection and copying pursuant to 47 C.F.R. § 252(h) within 10 days of the date of this Order.

Dated at Augusta, Maine, this 11th day of October, 2000.
